RE: Appeal for 2006-07
CC Docket No. 02-6
Request ~~for~~ Review

March 27, 2007

Dear Ms. Marlene H. Dortch,

This letter is an appeal to FCC decision *for* the funding year of 2006 for St. Simon Stock School. We are requesting for a review on the SLD decision.

- 1) Letter identification and the decision we are appealing
The Appellant Name: Judith Santiago
Application Name: St. Simon Stock School
FRN: **1482377**
Service Start Date: 07/01/2006 - 0613012007
Billed Entity Number: 10517
471 Application Number: 535873

The funding request numbers are:

1482377 - Verizon
1482425 - AT&T
1482461 - T-Mobile
1482514 - Network Outsource, Inc.

2) **Funding Commitment Decision: \$0.00 – Selective – Insufficient Doc**
Funding Commitment Decision Explanation: Applicant did **not** respond **to** Administrator's request **for** budget information and thus did not **demonstrate that funding needed to pay** applicant **portion of the** charges had been secured when **you file your Form 471**.

We are appealing SLD decision for St. Simon Stock School Funding **Year 2006-2007**. For **three** main reasons: (1) we are providing a copy of the school's **approve budget** (2) a proof of the change in **administrative** staff and (3) St. **Simon** Stock is at the heart of a **low income community**.

School's Approved Budget 2006- 2007

The funding to pay the St. **Simon** Stock portion of the charges has been secured when we **filed** the **471** form as it is **reflected** in the schools budget. **Our technology** budget states **\$12,000** Please review Attachment I

Change of Administration

The principal was **Dr. Ann Mulvey** **had** prematurely **left** the school in early August and the new principal Judith Santiago was immediately in charge. Dr. Mulvey did not leave any previous documentation necessary to apply in a **reasonable time** period. The school had received the Funding Commitment Letter, August **15, 2006**; it **was** at **this time** period when **Dr. Mulvey** had left the school abruptly. **Therefore**, she left the school without transferring any eRate materials to me. It was not until early February, I **was** able to locate the files and **begin** to address and response to USAC, which is the main reason our appeal was past the appealing date. I am enclosing a copy of the Archdiocese of New **York** Principal contract in which it take effect on September 1, 2006, which illustrates that I became an active principal at the beginning of this school year. Please refer to Attachment II

Heart of a Low Income Community

St. Simon Stock School **meets** the Federal Government Criteria for a 90% poverty level school. We have a student body of 329 whom all qualify for free and reduce lunch. We were privileged to have a special computer program to **supplement** our academic component through the **generosity** of Federal E-Rate Funding in the past. For many of our poor young learners school computers are their **only** access to this "Digital World" of learning.

Without the funding of the basics namely telecommunication, internet access and maintenance, our underprivileged inner-city South Bronx special computer program is beginning to deteriorate because our students have limited working computers. Due to the lack of funds, it has been a financial burden to the school for the last few years.

Thus, I plead for my poor students and ask you to re-evaluate the funding denial decision for the year 2006-2007. This inner-city underprivileged school needs your reconsideration of the basic telecommunication, internet access and maintenance by telecommunication companies and our service provider.

If there is any other additional documentation that you need from us, please feel free to either e-mail and call the school.

Thank you,

Ms. Judith Santiago
Principal of St. Simon Stock School
